Supported Operating Systems

The following operating systems have been qualified with this release

Operating System	Qualification Status
------------------	----------------------

Windows 11 64 Bit	Qualified and fully supported
-------------------	-------------------------------

Distribution Media

In addition to the translator software there are also two other related media distributions available. One is for the installation and configuration of the Theorem User Interface. This is designed as a free-standing user interface for the translator allowing the user to navigate the file system and initiate translations either interactively or in batch using standard drag and drop techniques. The second media distribution contains the Theorem License Manager which is installed on the nominated license server(s) and manages the user access to the purchased volume of concurrent Theorem application licenses.

Media for the latest release are available from the following download sites:

Software	Required for	URL for CD image download
Installation Media	Interactive & On-Demand	CAD 27.1 INVJT WIN.01
Unified Interface	On-Demand only	CAD 27.1 UI WIN.01
